REPORT FROM THE CHAIR

Hello players, parents, grandparents, coaches and anyone else who helps out with a team. This is my first year as chairman although I have been involved with the club for 7 years. I was thrilled to be asked to be the club chairman. I have just about got round to see all of our ten teams play this season and I am very impressed by all the teams performances on the pitch. We have some great young players at our club.

Make sure that you are aware of our end of season presentations, as all you footballers are well deserving of the medal that you will receive. During the summer break make sure you keep active doing as many

sports as you can. I know it is great fun playing in matches but to improve it is most important that you always get to training, work hard and listen to everything that your coaches tell you. Appreciate your parents and family, as they are the ones who have to run you all over the Wirral through the season.

As the boys get older and move on to 11 a side football things get a lot more competitive. The will to win becomes much stronger and sometimes there can be a lot of tension on the touch line. Our philosophy here is to let the children play, coaches coach, managers pick the team and referees ref. The latter can be frus-

trating but refereeing is the hardest job of all sometimes decisions may not always go our way but we have to except what the referee says.

These things are all important to remember as we try to gain F A Charter standard, this is an excellent thing to have as a club and only a few clubs on the Wirral have this certification. I would like to close by thanking all of the fantastic committee that help run this great club, people don't realise how much work and how many meetings some of these guys have to do to keep things ticking along.

MOST OF ALL ENJOY YOURSELVES
